

CNRS | Pushing back the frontiers of science in Southeast Asia

1 UMIFRE

Joint Laboratory in social sciences & the humanities

UMIFRE 22 / USR 3142 IRASEC

Research Institute on Contemporary Southeast Asia
Bangkok, Thailand

www.irasec.com

@irasecbangkok

4 GDRI

International Research Networks

Myanmar: GDRI Tanaosri

Philippines & Thailand: GDRI PaleoBioDivSEA

Singapore: GDRI SINERGIE

Vietnam: GDRI Singularities

7 LIAs

International Associated Laboratories

Malaysia:

LIA IFM NatProLab & LIA CERTOP

Vietnam

LIA ForMATH

LIA NatProChemLab

LIA FOCOMAT Functional Composite Materials

LIA FV-Tropical Ecology Laboratory

Singapore: LIA SynBioEco

4 UMIs

International Joint Laboratories

Singapore

UMI 2955 IPAL

Image and Pervasive Access Lab

www.ipal.cnrs.fr

@IPAL_SG

UMI 3288 CINTRA

CNRS International NTU Thales Research Alliance

cintra.ntu.edu.sg

@CINTRA@SG

UMI 3639 BMC

BioMechanics of Cellular Contacts

@BMC2_SG

UMI 3654 MajuLab (physics)

majulab.cnrs.fr

@MajuLab_SG

6 PICS

International Programmes for Scientific Cooperation

Thailand

PICS Enantioselective electrocatalysis with porous metallic structures

PICS New challenges for cosmology and gravitation

Vietnam

PICS Graphene-based acidic solid catalysts for converting cellulose to hydrothermal conditions to platform molecules

PICS Modeling of cable distribution in cables and accessories for HVDC power transmission

PICS Electron source for spatial instrumentation

PICS Biodiversity & fish microbiome role in reef ecosystems

PICS

CNRS @ ASEAN

Regional representative office

Representing CNRS and its institutes

Promoting CNRS research expertise and activities in ASEAN

Supporting the international joint units (UMI) and international cooperation projects in the region

Helping French and ASEAN researchers connect

asean.cnrs.fr
